

DAVID NGUYEN

Unit 4 – 45 Salisbury Street, Canley Heights, 2166 · 0412 855 546
davidnguyen4898@gmail.com

I am a 4th year and studying a software engineering related degree, Bioinformatics Engineering. My goal is to be employed in a company with needs for software development to gain valuable work experience, refine my work ethic and further develop my software related skills. I am adaptable and quick learning and believe these qualities to be essential to a software engineering related role. I can assure that my abilities and adaptive skills can be effectively utilized for the role as a software engineer intern.
